

SENSITY

**Recommended for
light sensitive eyes.**

**Introducing Sensity®
Light-adaptive Lenses**

HOYA
FOR THE VISIONARIES

Do you blink or squint your eyes in bright light?

If your answer is **“Yes!”**
Sensity® lenses are for you.

Sensity lenses provides you with:

- Comfortable vision in all light situations in one convenient pair of lenses
- Consistent performance across different climates, regions, and weather conditions
- Intense, natural color options
- Reduced glare when activated
- 100% protection against UV rays
- Blue light protection indoors and outdoors*

Ask your eye care professional which Sensity lens is the right choice for you.

*Based on internal testing of average light transmission between 381nm-500nm compared to standard clear lens.

Stand out with the Sensity® family

NEW!

Stand out with quality and comfort

Sensity 2 provides all day comfort for light sensitive eyes, no matter the climate, season, or lifestyle.

**Silver Gray****Bronze Brown****Emerald Green**

Features

- Best balance of fadeback speed and darkness for most patients
- Darkens to a dark category 3 sun tint
- Extremely clear indoors*

*Based on internal testing of average light transmission between 381nm-500nm compared to standard clear lens.

Stand out with faster speed

Sensity Fast is our fastest light adaptive lenses, rapidly fading back from dark to clear.

Silver Gray

Bronze Brown

Features

- Ideal for patients who prefer the fastest fadeback speed
- Darkens to a lighter category 2 sun tint
- Extremely clear indoors

Stand out with extra performance

Sensity Dark lenses are engineered for outdoors activities and driving - ideal for an active lifestyle.

Silver Gray

Bronze Brown

Emerald Green

Features

- Best for the most light-sensitive patients
- Our darkest Sensity lenses outdoors
- Lenses darken behind most car windshields
- Slight tint indoors for those sensitive to indoor light

Stand out with extra style

Sensity Shine combines comfort, convenience, and fashion with a mirror coating on a photochromic lens.

Shine Silver Gray

with silver mirror offers overall improved clarity in bright light conditions.

Shine Bronze Brown

with copper mirror provides additional contrast during outdoor activities.

Shine Emerald Green

with blue mirror offers comfort for digital lifestyles with reduced blue light exposure.

Features

- For wearers who want a fashionable mirror lens
- Fades back quickly to an attractive mirror shine indoors
- Lenses darken behind most car windshields

Maximize your Sensity[®] lenses with EX3+[™]

Using Super Premium Anti-Reflective (AR) technologies, HOYA has made EX3 better with the addition of backside UV protection.

Features

- Extreme scratch resistance, the only lens treatment that outperforms glass
- Extreme clean vision—oil, water and dirt resistant
- Extreme anti-reflection for maximum visual clarity
